23rd April 2007

Dear Steve and Melanie

Dramanon Health and Safety workshops

Please pass on our thanks to your team of facilitators and actors for their dedicated professionalism for what has been one of our most successful programmes.

Our feed back procedure indicated that of a total 970 people who attended, 97% stated that attending was a good use of their time, and 98% would recommend the course to a colleague.

The programme has proven to have been an excellent opening to our ongoing “Right from the Start” campaign which has a behavioural safety theme for 2007.

We wish you and your team every success for the future

Yours sincerely

Olav Lawrence CMIOSH
Group HS&E Manager
